# Computer System Technician Interview Questions And Answers Guide.

**Question - 1:**

Are you currently looking at other job opportunities?

**Ans:**

Just answer this question honestly. Sometime an employer wants to know if there are other companies you're considering so that they can determine how serious you are about the industry, they're company and find out if you're in demand. Don't spend a lot of time on this question; just try to stay focused on the job you're interviewing for.

**Question - 2:**

Tell us about a typical day at work. How does it start? What do you do?

**Ans:**

At the beginning of each day, I inspect the work site to make sure that it is hazard-free. Once the work site is secured, I verify that all tools and equipment are adequate in supply. As soon as the work orders are delivered, I provide workers with security guidelines and carry out drills. During the workday, it is my duty to monitor workers to ensure that they are working according to the enforced safety policies and that any problems or accidents are quickly addressed.

**Question - 3:**

What are your strengths As Computer System Technician?

**Ans:**

This is one of the most common questions you will be asked. Give an answer relevant to the skills and qualities relevant to the position you are applying to. The interviewer is trying to find if your strengths match the job. For example, if you are applying for a job As Computer System Technician where accuracy is an important issue, one of your strengths could be that you have an eye for detail. It may useful to find different words to describe similar attributes and qualities in order to avoid repetition.

*View All Answers*

**Question - 4:**

How do you measure success?

**Ans:**

There may be several good answers. Some include: you're able to set realistic, yet aggressive goals that push you and you're able to achieve them, you go the extra mile on all projects, client satisfaction is high, your boss is elated at your performance on all projects, etc.

*View All Answers*

**Question - 5:**

You are not given the tools you need to be successful. How would you change that As Computer System Technician?

**Ans:**

State a business case to your manager / leader as to why you need the tools and make the request for them.

*View All Answers*

**Question - 6:**

Who are your heroes?

**Ans:**

Have at least one person you consider a hero or role model. Be ready to explain why they are a hero to you and how they've inspired you to be a better person.

*View All Answers*

**Question - 7:**

Tell me about the most fun you have had on the job?

**Ans:**

When answering this question, discuss situations where you completed tasks benefitting your previous employers.

*View All Answers*

**Question - 8:**

Give me an example of a time when you set a goal and were able to meet or achieve it?

**Ans:**

Show that you set great goals and the process and steps you took to achieve it. Details really matter here.

*View All Answers*

**Question - 9:**

Do you think you are overqualified for this position As Computer System Technician?

**Ans:**

No matter your previous job experience or educational background, be sure to tell the interviewer you have the knowledge and skills to successfully execute the job responsibilities.

*View All Answers*

**Question - 10:**

Give me an example of a time when you were able to successfully communicate with another person even when that individual may not have personally liked you (or vice versa). How did you handle the situation? What obstacles or difficulties did you face? How did you deal with them?

**Ans:**

First, the key is to state the differences in personality to give the interviewer some background. Second, you want to discuss how that was affecting the situation. Third, show how you were able to adapt to the way the person wanted to be communicated with to achieve your goals

*View All Answers*

**Question - 11:**

What role are you ready to take in a group?

**Ans:**

Ideally, you want to take on the role you're interviewing for, but you want to be flexible with your responsibilities As Computer System Technician if there are any changes.

*View All Answers*

**Question - 16:**

Do you work well within a team?

**Ans:**

Some people are thrown when they are asked this Computer System Technician question when they are applying for a position to work alone. Every company works as a team, so you are a good team player, give an example of when you have worked well within a team.

*View All Answers*

**Question - 17:**

Have you ever been caught stealing, or better yet, have you ever stole anything?

**Ans:**

I guess everyone takes a pen or paper or little things like that. But other than that, NO. I have never stole from my employers or better yet As Computer System Technician, from anyone.

*View All Answers*

**Question - 18:**

What qualities do you look for in a boss?

**Ans:**

Remain optimistic and do not be too specific. Good attributes include moral character, honesty, and intelligence since managers usually believe they possess these qualities.

*View All Answers*

**Question - 19:**

What critical component of this position As Computer System Technician makes the work challenging?

**Ans:**

Heading information: This should include job title, pay grade or range, reporting relationship (by position, not individual), hours or shifts, and the likelihood of overtime or weekend work.
Summary objective of the job: List the general responsibilities and descriptions of key tasks and their purpose, relationships with customers, coworkers, and others, and the results expected of incumbent employees.
Qualifications: State the education, experience, training, and technical skills necessary for entry into this job.
Special demands: This should include any extraordinary conditions applicable to the job As Computer System Technician (for example, heavy lifting, exposure to temperature extremes, prolonged standing, or travel).
Job duties and responsibilities: Only two features of job responsibility are important: identifying tasks that comprise about 90 to 95 percent of the work done and listing tasks in order of the time consumed (or, sometimes, in order of importance).

**Question - 20:**

What kind of work interests you the least As Computer System Technician?

**Ans:**

What bores you? What fails to challenge you? What fails to excite you?

*View All Answers*

**Question - 21:**

What do you consider to be your weaknesses?

**Ans:**

What your interviewer is really trying to do with this question-beyond identifying any major red flags-is to gauge your self-awareness and honesty. So, "I can't meet a deadline to save my life As Computer System Technician" is not an option-but neither is "Nothing! I'm perfect!" Strike a balance by thinking of something that you struggle with but that you're working to improve. For example, maybe you've never been strong at public speaking, but you've recently volunteered to run meetings to help you be more comfortable when addressing a crowd.

*View All Answers*

**Question - 22:**

How many basketballs would fit in this room?

**Ans:**

One. You did not ask what is the maximum number of basketballs you can fit in the room.

*View All Answers*

**Question - 23:**

How would you estimate the weight of the Chrysler building?

**Ans:**

This is a process guesstimate where the interviewer wants to know if you know what to ask. First, you would find out the dimensions of the building (height, weight,

depth). This will allow you to determine the volume of the building. Does it taper at the top? (Yes.) Then, you need to estimate the composition of the Chrysler building. Is it mostly steel? Concrete? How much would those components weigh per square inch? Remember the extra step: find out whether you're considering the building totally empty or with office furniture, people, etc. If you're including the contents, you might have to add 20 percent or so to the building's weight.

**Question - 25:**

Describe yourself in three words?

**Ans:**

Pick three adjectives but then back up each with a real life story that demonstrates those characteristics.

*View All Answers*

**Question - 26:**

Describe to me a time where you had to make a hard decision As Computer System Technician?

**Ans:**

Hard decisions are hard for a reason. It could dramatically effect the company. It could affect other workers. So if you have a story about how you made a hard decision and had a good outcome, share that. If you have one where the outcome wasn't great, explain how you would have changed the way you approached the decision to show you learned how to improve.

*View All Answers*

**Question - 27:**

What types of books or magazines do you typically read?

**Ans:**

Describe both your personal and professional favorites. If you happen to like professional books / magazines that relate to the industry of the company you're applying for - that's definitely worth highlighting.

*View All Answers*

**Question - 28:**

What other companies are you interviewing with?

**Ans:**

Companies ask this for a number of reasons, from wanting to see what the competition is for you to sniffing out whether you're serious about the industry. "Often the best approach is to mention that you are exploring a number of other similar options in the company's industry,". It can be helpful to mention that a common characteristic of all the jobs you are applying to is the opportunity to apply some critical abilities and skills that you possess. For example, you might say 'I am applying for several positions with IT consulting firms where I can analyze client needs and translate them to development teams in order to find solutions to technology problems.'

*View All Answers*

**Question - 29:**

What do you aspire to be?

**Ans:**

Discuss your aspirations for the near, immediate and long term. You want to show them you are thinking of making an impact now as well as the future.

*View All Answers*

What type of mentors do you seek out and why?

**Ans:**

Think of your top 3 mentors and what attributes they exhibit that you want to emulate. Common attributes include passion, desire, will, leadership, ability to influence others, intelligence.

*View All Answers*

**Question - 31:**

How would you describe your approach to Computer System Technician?

**Ans:**

In more general terms, a question such as this gives a candidate the opportunity to talk about their professional philosophy and skills. While the question is general in nature, the best answers are usually quite specific, picking one or two points and exemplifying them with instances from personal history.

*View All Answers*

**Question - 32:**

What is the most important lesson / skill you've learned from school?

**Ans:**

Think of lessons learned in extra curricular activities, in clubs, in classes that had a profound impact on your personal development. For example, I had to lead a team of 5 people on a school project and learned to get people with drastically different personalities to work together as a team to achieve our objective.

*View All Answers*

**Question - 33:**

If someone had to say something negative to you, what would they say?

**Ans:**

Again, be honest about sharing a story here about someone who may not have gotten along with you in the office here and explain how you were able to fix that relationship or change your attitude/action to be a better person / coworker.

*View All Answers*

**Question - 34:**

What types of situations do you consider "unfixable"?

**Ans:**

Most situations are "fixable" - the ones that are not are typically related to business ethics (someone is cheating the company, someone is stealing, etc)

*View All Answers*

**Question - 35:**

What did you major in and why?

**Ans:**

Tell them your major and the motivations behind why you chose it and how it's helped to prep your of this potential job.

*View All Answers*

**Question - 36:**

What do you know about this company?

**Ans:**

Research the company on Google by searching recent news (to remain current on them) and their website. Make sure you understand their products / services, vision, competitive differentiators, and work culture.

*View All Answers*

**Question - 37:**

What type of extracurricular activities are you a part of?

**Ans:**

Discuss the clubs / activities you were in, share a personal story about why you enjoyed it and then describe how it's helped shape you to be who you are today. For example, I enjoyed rock climbing because it taught me the value of practicing hard at a sport to become skilled in it. I bring this same diligence to my work approach today as well.

*View All Answers*

**Question - 38:**

How do you imagine a typical day of an employee in our company As Computer System Technician?

**Ans:**

Just do not say that you imagine to only walk and watch what people do. Rather try to show them your attention to details and proactive attitude to job. Mention that you would try to observe the problems, weaknesses as well as opportunities to improve the results and take measures according to it.

*View All Answers*

**Question - 39:**

How do you feel about giving back to the community?

**Ans:**

Describe your charitable activities to showcase that community work is important to you. If you haven't done one yet, go to www.globalguideline.com - charitable work is a great way to learn about other people and it's an important part of society - GET INVOLVED!

*View All Answers*

**Question - 40:**

How do you handle conflicts with people you supervise?

**Ans:**

At first place, you try to avoid conflicts if you can. But once it happens and there's no way to avoid it, you try to understand the point of view of the other person and find the solution good for everyone. But you always keep the authority of your position.

*View All Answers*

**Question - 41:**

What do you look for in terms of culture -- structured or entrepreneurial?

**Ans:**

A good answer is to discuss the importance of having both elements in a company As Computer System Technician. Structure is good to maintain a focus on priorities and making sure people are productive but having an entrepreneurial spirit can help cultivate new ideas that can truly help the company.
*View All Answers*

**Question - 42:**

What do you expect to be earning in 5 years As Computer System Technician?

**Ans:**

Discuss how you expect yourself to be excellent at your job. Thus, it would be reasonable to expect pay that is based on the merit of your work.
*View All Answers*

**Question - 43:**

Do you think you have enough experience As Computer System Technician?

**Ans:**

If you do not have the experience they need, you need to show the employer that you have the skills, qualities and knowledge that will make you equal to people with experience but not necessary the skills. It is also good to add how quick you can pick up the routine of a new job role.
*View All Answers*

**Question - 44:**

What are three positive things your last boss would say about you?

**Ans:**

It's time to pull out your old performance appraisals and boss's quotes. This is a great way to brag about yourself through someone else's words:
"My boss has told me that I am the best designer he has ever had. He knows he can rely on me, and he likes my sense of humor."
*View All Answers*

**Question - 45:**

How do you handle stressful situations?

**Ans:**

By remaining calm, weighing out all my options and executing a plan to get the situation resolve .
*View All Answers*

**Question - 46:**

What do you think is your greatest weakness?

**Ans:**

Don't say anything that could eliminate you from consideration for the job. For instance, "I'm slow in adapting to change" is not a wise answer, since change is par for the course in most work environments. Avoid calling attention to any weakness that's one of the critical qualities the hiring manager is looking for. And don't try the old "I'm a workaholic," or "I'm a perfectionist."
*View All Answers*

**Question - 47:**

Describe to me the position As Computer System Technician you're applying for?

**Ans:**

This is a "homework" question, too, but it also gives some clues as to the perspective the person brings to the table. The best preparation you can do is to read the job description and repeat it to yourself in your own words so that you can do this smoothly at the interview.
*View All Answers*

**Question - 48:**

Why are you leaving your current job?

**Ans:**

This is a toughie, but one you can be sure you'll be asked. Definitely keep things positive-you have nothing to gain by being negative about your past employers. Instead, frame things in a way that shows that you're eager to take on new opportunities and that the role you're interviewing for is a better fit for you than your current or last position. For example, "I'd really love to be part of product development from beginning to end, and I know I'd have that opportunity here." And if you were let go? Keep it simple: "Unfortunately, I was let go," is a totally OK answer.
*View All Answers*

**Question - 49:**

How much time do you need to join the organization As Computer System Technician?

**Ans:**

You should be able to join it right away, barring plans you've already made (family travel, vacation, other obligations). The key is to simply be open in communication of what's already committed on your schedule. Most companies are accommodating. If they are not, weight the importance of joining that company vs. your plans.

**Question - 50:**

How long will it take for you to make a significant contribution?

**Ans:**

First define significant contribution - once you do that - lay out a timeline plan in which you think you can achieve that.

**Question - 51:**

How do you plan to go by an example for your subordinates?

**Ans:**

Sticking to the rules by yourself, working hard and not mind participating on basic tasks is a good answer.

**Question - 52:**

How do you evaluate your ability to handle conflict?

**Ans:**

I pride myself on being a good problem solver. Through my previous job and management positions I have faced numerous conflicts in different situations, and my experiences have helped me to hone my issue resolution skills. I believe that it is important to get to and address the root of the issue, in a respectable manner.

**Question - 53:**

Tell me about the last time you had to work with someone inside or outside of your department to accomplish a goal?

**Ans:**

Show that you were communicative with that person and that you were able to collaborate effectively in sharing ideas and work tasks. They want to see that you can be a team player.

**Question - 54:**

What does "thinking outside the box" mean to you?

**Ans:**

It means not doing things exactly the same way as everyone else. You've got to challenge the status quo and bring something new to the business.

**Question - 55:**

Tell me something about your family background?

**Ans:**

First, always feel proud while discussing about your family background. Just simple share the details with the things that how they influenced you to work in an airline field.

**Question - 56:**

How would you define success?

**Ans:**

Success is defined differently for everybody. Just make sure the parameters are defined by you with regards to work life balance, financial gain, career growth, achievements, creating meaningful work / products and so forth. If you can clearly articulate what it means to you that is a strong answer.

**Question - 57:**

Describe a typical work week for this position As Computer System Technician?

**Ans:**

Interviewers expect a candidate for employment to discuss what they do while they are working in detail. Before you answer, consider the position As Computer System Technician you are applying for and how your current or past positions relate to it. The more you can connect your past experience with the job opening, the more successful you will be at answering the questions.

**Question - 58:**

How do you think I rate as an interviewer?

**Ans:**

I think you did fine. I'm sure you've conducted a lot of interviews, and it's probably second nature for you now. Thanks for taking the time to meet with me today. I'm sure you have a lot of things you have to juggle every day.
I'd say you rate at least ten out of ten. The questions you asked seemed spot on. I can tell you guys are working hard to find the perfect applicant for the job. I'm glad I

could meet with you.

*View All Answers*

### Question - 59:

How would you observe the level of motivation of your subordinates?

**Ans:**

Choosing the right metrics and comparing productivity of everyone on daily basis is a good answer, doesn't matter in which company you apply for a supervisory role.

*View All Answers*

### Question - 60:

How do you decide what to delegate and to whom?

**Ans:**

Identify the strengths of your team members and their availability based on the priorities they have on their plate. From there, invest the tasks upon each member based on where you think you'll get the best return.
