Question - 3:

Tell me about a time when you had to think strategically?

Ans:

There was a time when I was told I had to get rid of 20% of my people. I had to determine which persons I needed the most by determining who could do what. I had to put aside personal feelings so that I could keep a working crew to handle the same workload with less people.

Question - 4:

Tell us about a typical day at work. How does it start? What do you do?

Ans:

At the beginning of each day, I inspect the work site to make sure that it is hazard-free. Once the work site is secured, I verify that all tools and equipment are adequate in supply. As soon as the work orders are delivered, I provide workers with security guidelines and carry out drills. During the workday, it is my duty to monitor workers to ensure that they are working according to the enforced safety policies and that any problems or accidents are quickly addressed.

Question - 5:

What are your strengths In ILM?

Ans:

This is one of the most common questions you will be asked. Give an answer relevant to the skills and qualities relevant to the position you are applying to. The interviewer is trying to find if your strengths match the job. For example, if you are applying for a job In ILM where accuracy is an important issue, one of your strengths could be that you have an eye for detail. It may be useful to find different words to describe similar attributes and qualities in order to avoid repetition.

Question - 11:

How many tennis balls can you fit into a limousine? 1,000? 10,000? 100,000? Seriously?

Ans:

Well, seriously, you might get asked brainteaser questions like these, especially in quantitative jobs. But remember that the interviewer doesn't necessarily want an exact number-he wants to make sure that you understand what's being asked of you, and that you can set into motion a systematic and logical way to respond. So, just take a deep breath, and start thinking through the math. (Yes, it's OK to ask for a pen and paper!)

[View All Answers](#)

Question - 12:

If you look at a clock and the time is 3:15, what's the angle between the hour and the minute hands?

Ans:

Usually, if the answer to a brainteaser seems too easy, chances are the answer's wrong. And in this case, the answer is not zero degrees. The hour hand, remember, moves as well. That is, in addition to the minute hand. And so, at 3:15, the hour hand and the minute hand are not on top of each other. In fact, the hour hand has moved a quarter of the way between the 3 and 4. This means it's moved a quarter of 30 degrees (360 degrees divided by 12 equals 30). So the answer, to be exact, is seven and a half degrees (30 divided by four).
