Question - 14:

Tell me are you familiar with the safety regulations for this mode of transportation?

Ans:

Before you are hired for a company, an employer wants to be assured that you are willing to comply with all safety precautions. If you are transitioning to a similar, but different mode of transportation than the one you were trained in, take the time to educate yourself. Be as familiar as you can about the safety rules. Knowing the specific safety needs of the vehicle you plan to operate is of the utmost importance.

[View All Answers](#)

Question - 15:

Tell us why should we hire you as Transportation specialist position?

**Ans:**

This is a very common question that is asked in almost every interview. I love this question because it gives you the opportunity to sell yourself. Discuss what makes you stand out from the crowd and show them how you can help advance their company. Remember to be specific. This is where all the company research you have done comes into play. You should have an idea as to why the company is hiring or looking to hire someone for that position. What problem do they have that they are looking for people to help them solve? And once you can establish this, you are to show them how you can solve this problem for them.

Question - 39:

Explain me what is your greatest strength as Transportation specialist position?

Ans:

This could be a very simple question if you are prepared for it. You just have to talk about the strengths that you know would be of value to the company.

[View All Answers](#)

Question - 40:

As Transportation specialist position; please tell me about yourself?

Ans:

This question is one of the most frequently asked questions. Where do you start? What do they really want to know? Are you to begin from elementary school or college? You have to be very careful on how you answer this question because your answer here sets the tone for the rest of the interview. This question is mostly asked as an icebreaker but if you did not prepare for it, it becomes a real problem.

The right approach to this is to discuss your key strengths and how they relate to the job. Talk about a few of your accomplishments. Talk about your current employer and then tell them how you see yourself fitting into a position at their company.

[View All Answers](#)

Question - 41:

Tell me do you currently hold the proper endorsements and licenses?

Ans:

As the operator of any mode of travel, a list of credentials is necessary. Be prepared to discuss the types of transportation vehicles you have operated. Have your credentials with you, as you may be asked by the interviewer to present them. Also be sure that they are current and authentic. If this question is not asked during the interview, your credentials will still need to be verified before being hired.
