TCS Interview Questions And Answers Guide.

Question - 1:

Asked if you have any questions for me?

Ans:

Job hunters need to know whether a potential position is a good fit for them professionally and culturally. To do that, they need to find out all they can about a potential employer's company or department. To help you in this endeavor, here are the questions you should ask during initial job interviews .By taking this list with you to that next job interview , you'll be able to ask the right question to help you determine whether the company will be a good fit for your talents and expectations.

- * Why is this position open?
- * can you explain a typical day in this role?
- * what is the company policies regarding training ?
- * would the job description assigned to me be based on my interest area?
- * could you describe the work culture (do people work time , overtime, etc...)
- * what are the personal growth opportunities (such as leadership training , company supported community work , mentoring, and so on)?
- * what is the training budget?
- * how many employee do you have?

Question - 2:

Tell me why do you want to join TCS and not any other company?

Ans:

Try to speak something about good work environment & growth.

I heard from my friends that TCS has a very good work environment where employees get good respect. Moreover, TCS is one of the Top IT company in India and abroad. I want to be part of Asia's largest Software Company where I can also grow along with the company. For these reasons, I prefer TCS.

Caution: Never tell the reasons such as ONSITE or SALARY. That gives a negative impression on you.

Question - 3:

Suppose we sent you to any part of the country for work! will you be ok with that?

Ans:

First find out where you may have to relocate and how much travel may be involved. Then respond to the question.

[View All Answers](#)

Question - 4:

Do u have any certifications on your skills?

Ans:

Yes? Well good, however be ready with your certificates to show them (if asked). And if your answer is a No, then be ready to answer 'why no!'

[View All Answers](#)

Question - 5:

Tell us about your aim?

Ans:

Be honest at this part, because all that the interviewer wants to know is whether your aim and goal match with the company's objective or not.

[View All Answers](#)

Question - 6:

Who is the present CEO of TCS?

Ans:

If you did not know this basic fact about TCS, then you have not done your homework well. Be ready for such questions.

[View All Answers](#)

Question - 7:

Do you know who is the founder of TCS?

Ans:

Jamsetji Nusserwanji Tata established TATA Group in 1869. However it was under Mr. Jehangir Ratanji Dadabhoy Tata (JRD Tata), that this group was expanded and hence TCS was established in 1968. Currently Mr. Ratan Tata is the Chairman of the group.

Question - 8:

Do you know who are the competitors of TCS in the world market as well as in Indian market?

Ans:

A little study about the current market should certainly help. A good homework will reflect in your answer and that will really be impressive. This will show the interviewer that you are concerned about this interview and job.

- * Infosys,
- * Wipro,
- * HCL Tech,
- * Oracle Financ,
- * Mahindra Satyam,
- * Tech Mahindra,
- * Mphasis,
- * Patni Computer

Question - 9:

Tell me where you're native place is and for what it is famous?

Ans:

You obviously know your native place right? But its better you also learn few things about the place as well. This is something about you, and you will be expected to know these little details.

[View All Answers](#)

Question - 10:

If we rejected you today, then what will you do?

Ans:

Well this question does not mean that they are rejecting you. So don't get dishearten. This is more like a 'stress question' to judge how you react during a stress situation. This could also be because they want to know your other plans like if you have also applied for other companies or if you are very adamant about joining TCS. Either ways it does not mean that they are going to reject you. And make sure your answer is positive.

[View All Answers](#)

Question - 11:

What is the recent trends in IT industry?

Ans:

Be prepared with two or three trends that illustrate how well you understand your industry. You might consider technological challenges or opportunities, economic conditions, or even regulatory demands as you collect your thoughts about the direction in which your business is heading.

[View All Answers](#)

Question - 12:

Tell me would you be willing to relocate if required?

Ans:

You should be clear on this with your family prior to the interview if you think there is a chance it may come up. Do not say yes just to get the job if the real answer is no. This can create a lot of problems later on in your career. Be honest at this point and save yourself future grief.

[View All Answers](#)

Question - 13:

Tell me are you willing to work overtime? Nights? Weekends?

Ans:

This is up to you. Be totally honest.

[View All Answers](#)

Question - 14:

What is more important for you: the money or the work?

Ans:

This one will reveal the real you. Money is always important, but the work is the most important. There is no better answer.

[View All Answers](#)

Question - 15:

Explain your dream job?

Ans:

Be honest. Also mention keywords such as challenging, steep learning curve, good work culture, demanding, rewarding, opportunities for advancement and growth, team environment, opportunity to build and maintain client relationships etc.

[View All Answers](#)

Question - 16:

Why should we hire you in TCS?

Ans:

Again, explain that you are very interested in the job and demonstrate what it is about your past experiences, education and qualifications that makes you ideal for the job. Show enthusiasm and support your answers with evidence wherever you can. Elaborate on all the past experiences and skill sets that make you suitable for the job. In cases where your past experience is not directly relevant, you can still find elements of it that can be useful. Play up team skills, computer skills, leadership roles, specific courses and independent research activities that can be useful to the job at hand to show your initiative even where you don't have directly relevant job experience.

[View All Answers](#)

Question - 17:

What is your extra co-curricular activities?

Ans:

Explain work you have done apart from your studies.

[View All Answers](#)

Question - 18:

Do not hesitate to tell us about your weakness?

Ans:

Do NOT mention key weaknesses here. This is not the place to say you are bad at meeting deadlines or you never mastered highschool mathematics etc. Turn this question around to your benefit. For example, you are 'over ambitious' or 'extremely attentive to detail' or 'like to take on too many projects'. Make it sound positive.

[View All Answers](#)

Question - 19:

What inspired you to become an Engineer?

Ans:

Make pre preparation for such questions. Have a few heroes /Leaders of the industry in mind , who have achieved something extraordinary in their life. Know about their life history and mention one such name with his achievements. Cite some of his quotes or values possessed by such a personality that according to him has been the cause of his extraordinary success. Mention such qualities /Values that will be highly valuable in your success in the position you are being interviewed.

[View All Answers](#)

Question - 20:

Tell me why should I take you in TCS?

Ans:

Whether your interviewer asks you this question explicitly or not, this is the most important question of your interview because he must answer this question favorably in is own mind before you will be hired. So help him out! Walk through each of the position's requirements as you understand them, and follow each with a reason why you meet that requirement so well.
